APPLICATION TO INTERVENE  
OF PAC-WEST TELECOMM, INC.

Pac-West Telecomm, Inc. ("Pac-West") hereby requests permission to intervene in  
accordance with Rule 14-3-105 of the Arizona Corporation Commission Rules of Practice and  
Procedure, and in support of its request states as follows:

1. Pac-West is certified to provide local exchange, intraexchange, and interexchange  
telecommunications services throughout Arizona and its services are classified as competitive by the  
Commission. To provide telecommunications services, Pac-West obtains interconnection and related

services and facilities from Qwest Corporation ("Qwest"). Pac-West also competes with Qwest in providing telecommunications services to Arizona customers.

2. Pac-West has a substantial interest in the proposed merger of Qwest and CenturyTel. Pac-West relies on interconnection with, and purchases wholesale telecommunications services from, Qwest to provide service to Arizona customers. Pac-West is party to an interconnection agreement with Qwest Corporation which is subject to section 252(e) of the Telecommunications Act of 1996 ("Act") and which sets forth the terms and conditions under which Pac-West and Qwest interconnect their communications networks. As a customer of Qwest's wholesale services, and as a competing carrier, Pac-West had a direct and substantial interest in ensuring that Qwest, under new ownership, will honor its interconnection obligations as required by the Act and the Pac-West interconnection agreement.

4. Pac-West's participation in this proceeding will not unduly broaden the nature or scope of the Commission's inquiry.

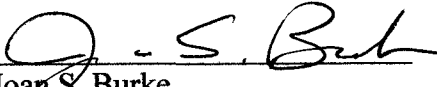

5. If Pac-West is granted intervention, pleadings and other communications should be sent to:
